Board of Directors Characteristics

MVCS fully recognizes the high level of commitment and dedication to excellence that must exist within the Board of Directors in order to operate a successful charter school. Therefore, they will actively seek out parents and non-parent community members to create a well-rounded, professional, and experienced Board. The following are areas which have been identified as especially important skills to have on the MVCS Board:

- Facilities management
- Budget management, finance, and fundraising
- Personnel management
- Marketing and public relations
- Information technology
- Community relations and multicultural competence
- Statutory and regulatory compliance / legal experience
- Non-traditional schooling background

Directors will receive annual training on the topics of finance, care and loyalty responsibilities, and best practices. Directors will annually sign a MVCS Board Agreement.
